In some situations, you can go to a provider outside of Four Corners. You and the provider must get approval before you get services outside of Four Corners. You do not need approval before you get emergency services.

You can give other people instructions about your decisions for your health care. This is called an "Advance Health Care Directive." Under State law, you have the right to develop an Advance Health Care Directive that protects your right to refuse medical treatment you do not want, or to request treatment you do want, in the event you lose the ability to make decisions yourself. This will tell us in writing what health care choices you want made if you get very sick and can't decide for yourself. Once you have filled out the Advance Health Care Directive form, be sure to give a copy to all of your health care providers. You should also keep a copy and give one to your family members. If you would like the form, need help filling out the form, or need more information please call the clinic nearest you, or talk to your provider or case manager. If you have an

Advance Directive and there is a problem with it being followed, call the Utah survey and certification agency at 1-801-538-6158 or 1-800-662-4157.

Section 8 - Payment for Services

Hospital Emergency Room Services

Will I have to pay for services in a hospital emergency room?

You will not have to pay for emergency services in a hospital emergency room. However, there is a co-payment if you use the emergency room when it is not an emergency.

Mental Health Care in a Hospital

Will I have to pay for mental health care in a hospital?

You will not have to pay for mental health care in a hospital if you are:

- on Medicaid under the CHEC program
- living in a nursing home
- American Indian/Alaska Native
- getting hospice care
- on Medicaid under the Medicaid Cancer program
- on Medicaid due to being pregnant

If you are not in one of these groups, the hospital can charge you \$75 for each hospital stay. Hospitals cannot charge you more than the co-payment.

Outpatient Mental Health and Substance Use Disorder Services

Will I ever have to pay for mental health or substance use disorder services?

◆ Non-Emergency Outpatient Services

You might have to pay your provider for a **non-emergency** outpatient service if:

- You get a service that is not covered by Four Corners or Medicaid; or

- You get a service that is not pre-approved by Four Corners
- Four Corners approved less services than asked for; or
- You do not go to a Four Corners provider.

If any of the above happens, your provider might ask you to pay for the service. You should only be billed for the service if all four things below are met:

- The provider has a written policy for billing all patients for services that are not covered, not just Medicaid patients;
- The provider tells you before you get the service that you will have to pay for the service;
- You agree to pay for the service; and
- There is a written agreement signed by you and the provider that says what the service is and how much you will have to pay.

NOTE: If Four Corners did not approve a service you or your provider asked for, you can appeal this decision with Four Corners before you agree to pay for the service. **(See Appeals in Section 14 of this handbook for an explanation of how to appeal.)**

You might also have to pay your provider for a non-emergency outpatient service if:

- You ask for and get services during an appeal with or during a Medicaid state fair hearing. You would only have to pay if the appeal or state fair hearing decision is not in your favor. Or,
- You are not on Medicaid when you get the service.
- You have a non-emergency hospital stay (you might have to pay the copay Medicaid requires).

◆ Emergency Outpatient Services

You will not have to pay for emergency outpatient services.

◆ Ambulance Services for Emergency Care

Will I have to pay for ambulance services for emergency care?

You will not have to pay for ambulance services for emergency care.

Section 9 - Additional Insurance Coverage

Some people have Medicaid plus another insurance company that helps pay for services. If you have another insurance company that pays for your service and sends you a check, you must bring these checks to Four Corners.

If you have questions about this, call Four Corners at 1-435-637-7200 or toll-free at 1-866-216-0017 and ask for the Compliance Officer.

Section 10 - Getting Mental Health or Substance Use Disorder Services

How do I ask for services?

Call the clinic nearest you. (See the Four Corners service locations and telephone numbers in this handbook.) If you need services in the evenings, let us know when you call. Evaluations and some therapy services can be provided in the evenings.

How quickly can I be seen?

If you need emergency care you will be seen right away. (See *Emergency Services* in Section 11 of this handbook.) We will give you urgent care for conditions that need to be taken care of right away, but that are not emergencies. If you need urgent care, we will see you within 5 working days. If you do not have an urgent need for care, we will see you within 15 working days. If your condition changes and you think you need to be seen

sooner, please call us. We will talk about your needs again.

Where do I go for mental health or substance use disorder services?

Four Corners has outpatient clinics in Carbon, Grand and Emery counties. You can call the clinic closest to you. You can call within Carbon, Emery and Grand Counties at no charge.

Four Corners will offer you services after meeting with you to find out what you need. During the first meeting, we will talk about which provider is best for you, whether or not they are taking new clients, and if they speak any language other than English. Services are provided by licensed mental health and substance use disorder professionals, including doctors, nurses, psychologists, social workers, substance use disorder counselors, professional counselors, certified case managers, etc.

Section 11 - Emergency Services

What is an emergency?

- When you think your life is in danger.
- When you believe you may harm yourself or others.
- When your safety or others' safety is at risk.

What are emergency services?

Emergency services are mental health or substance use disorder services given to treat your emergency.

How do I get emergency care?

Four Corners has 24-hour mental health emergency services seven days a week. You can:

- Get emergency care during the day. Call or go to the clinic nearest you between 8 a.m. and 5 p.m. Monday through Friday. Ask to talk to a crisis worker right away. See the list of clinic locations and phone numbers in this handbook.
- Call 911, or the national mental health lifeline toll-free at 1-800-273-8255, 24 hours a day, 7 days a week, and you will be connected with a Utah crisis worker.

Also, day or night, you can go to any hospital emergency room for emergency services.

If you need emergency services and you are out of Four Corners' geographical area, go to the nearest hospital emergency room and ask for help. Be sure to let the hospital know you have Medicaid and that Four Corners is your Medicaid mental health provider. You do not need approval from Four Corners before you get emergency services. **(See *Mental Health Care in a Hospital* in Section 12 of this handbook.)**

If you need medical detoxification in a hospital you can also go to any hospital emergency room for this service. This is not a

covered service by Four Corners but may be covered by your physical health plan if you have one, or by Medicaid. For further questions regarding medical detoxification, you can call Medicaid at 1-800-662-9651, or your physical health plan if you have one, or call the Four Corners clinic nearest you. After hours, call 911 and ask for the mental health on-call worker.

Section 12 - Mental Health Care in a Hospital

How do I get mental health care in a hospital?

Mental health care in a hospital after an **emergency** is usually called post stabilization care services.

Four Corners uses Salt Lake Behavioral Health or University Neuropsychiatric Institute in Salt Lake City, Utah, and Provo Canyon Behavioral Hospital at 1350 East 750 North in Orem, Utah.

If a hospital wants to admit you after treating your emergency, the hospital must call Four Corners to ask for pre-approval. Hospitals can call us at the numbers listed in the box below. It is important to let the hospital know Four Corners is your Medicaid mental health provider so they can call us if they want to admit you. We might have you stay at that hospital or we might transfer you to one of our hospitals.

If you need medical detoxification in a hospital for a substance use disorder problem, call Medicaid at 1-800-662-9651, or your physical health plan if you have one.

How do I get mental health care in a hospital if I am out of Four Corners' geographical area?

Go to the nearest hospital and ask for help. Be sure to let the hospital know you have Medicaid and that Four Corners is your Medicaid mental health provider. You do not need approval from Four Corners before you get emergency services. It is the hospital's job to call us when they admit you to ensure that they

have approval. Hospitals can call us at the numbers listed in the box below. **(See *Emergency Services* in Section 11 of this handbook.)**

For After Hours Emergencies: Dial 911 or the national mental health lifeline at 1-800-273-8255

During regular business hours, call the clinic in your area or Four Corners toll-free at 1-866-216-0017.

Clinic phone numbers are listed in Section 10 of this handbook.

Section 13 - Adverse Benefit Determinations

What are adverse benefit determinations?

Adverse benefit determinations are when Four Corners:

- Denies (turns down) services or approves fewer services than you or your provider asked for;
- Denies payment for a service that you might have to pay for;
- Does not offer your first appointment within the required amount of time for emergency, urgent, or non-urgent care and you are not happy with this **(see *Getting Mental Health and Substance Use Disorder Services* in Section 10 of this handbook)**;
- Does not settle an appeal or grievance you have with us as soon as we are supposed to; or
- Your provider reduces the number of services or stops a service previously approved. If you agree with the change, it is not an adverse benefit determination. It is only an adverse benefit determination if you tell us you don't want the change.

How will I know if Four Corners is taking an adverse benefit determination?

Four Corners will send you a letter called a Notice of Adverse Benefit Determination. You will have the right to appeal if you disagree with our adverse benefit determination.

Section 14 - Appeals

What is an Appeal?

An Appeal is when you ask Four Corners to review our adverse benefit determination to see if we made the best decision.

Who can file an Appeal?

You, your legally authorized representative or your provider can file the Appeal. If your provider files the Appeal, you must give your written consent.

How and when can I file an Appeal?

Your Notice of Adverse Benefit Determination letter will tell you how to file an Appeal. It will also tell you how soon you must tell us you want to appeal the adverse benefit determination. In most situations, you must tell us you want to file an Appeal within 60 days from the date on the Notice of Adverse Benefit Determination letter.

What if I need help filing an Appeal?

Call the clinic supervisor or call Four Corners at 1-435-637-7200 or toll-free at 1-866-216-0017 and ask for the Compliance Officer.

Can I keep getting services if I file an Appeal?

If our adverse benefit determination was to reduce or stop services we had previously approved, you need to tell us if you want to keep getting those services. If you file your Appeal in the timeframe required and you ask that the services be continued, we will keep giving you these services. You might have to pay for the services if the Appeal decision is not in your favor. If you are appealing any kind of adverse benefit determination, and have questions about your services during

your Appeal, call Four Corners at 1-435-637-7200 or toll-free at 1-866-216-0017 and ask for the Compliance Officer.

When will Four Corners tell me the decision on my Appeal?

Usually, we will give you a written decision within 15 calendar days after we get your appeal. Sometimes, we might need more time to make the decision. If we need more time, we will let you know in writing. Also, you may want us to take more time for some reason. If so, let us know. When you, your provider, or we think it's important to make a decision on your Appeal quickly, we will usually make a decision within 72 hours.

Section 15 - Medicaid Fair Hearings

What can I do if I am unhappy with the Appeal decision?

If you are unhappy with our decision on your Appeal, or we cannot make a decision on your Appeal as soon as Medicaid wants us to, this is what you can do: you, or your legally authorized representative, or your provider can ask for a Fair Hearing with Medicaid. In our Appeal decision letter, we will tell you that you can ask for a Fair Hearing. The letter will tell you how and when to ask for the Fair Hearing. We will also give you the Form to Request a State Fair Hearing to send to Medicaid. You must ask for a Fair Hearing in writing using the form we give you. If you have questions or need help filling out the form, call us at 1-435-637-7200 or toll-free at 1-866-216-0017 and ask to talk to the Compliance Officer. You have 120 days from the date of the decision on your Appeal to file a request for a Fair Hearing.

At a Fair Hearing, you can speak for yourself, or you can have a relative, friend, lawyer or anyone else speak for you. Before and during the Fair Hearing, you, and any person helping you, can present documents. Also, you, and any person helping you, can look at all of the documents that will be used at the Fair Hearing.

Can I continue my services if I ask for a Fair Hearing?

If the Fair Hearing is about our decision to reduce or stop services we have previously approved, you need to check the box on the Form to Request a State Fair Hearing to ask that the services continue. If you request a Fair Hearing in the required timeframe and ask that Four Corners keep giving you services, we will continue to give you services. You might have to pay for these services if the Fair Hearing decision is not in your favor. If the Fair Hearing is about any other kind of adverse benefit determination, you can discuss your services during the Fair Hearing.
